# INTRODUCTION

Organized by the Research Center in Industrial Technologies (CRTI), the Second Workshop on Electric Vehicle Technology (WEVT'2025) will be held on May 27<sup>th</sup>-28<sup>th</sup>, 2025 in Tipaza, Algeria. This workshop will focus on diverse topics that underscore the global advancements in electric vehicle technology. It will serve as a platform for researchers, professionals, and industry experts to collaborate, exchange expertise, and share their knowledge. Interested participants are invited to submit their latest research findings, innovative projects, and surveys. The event promises to be an excellent opportunity for fostering future collaborations in the field of electric vehicle technology.

## TOPICS :

- Electric motor technology dedicated to electric vehicles.
- Battery energy management system.
- On-board computers and smart communication system in electric vehicles.
- Control system for electric vehicles.
- Energy storage systems.
- Power electronic converters.
